

Geometry Workshop

Allyn Travis

9 October 2010, Brisbane

Geometry means 'land measuring'. The geometry materials are very hands on, concrete and manipulative and are, therefore, perfect for developing the reasoning mind at the second plane. Let's spend a day together revisiting some of these wonderful materials for 6 to 12 year olds and let's look at some extensions that can grow out of this work.

Allyn Travis has a Bachelor's Degree in English from Michigan State University and a Master's Degree in Education from Loyola College of Baltimore. She also holds both 3-6 and 6-12 Diplomas from the Association Montessori Internationale (AMI) and has over thirty years of experience in Montessori teaching both children and adults. Mrs Travis is an AMI Elementary Teacher-Trainer, examiner, and school consultant. She is the full time Administrator and Director of Training at the Montessori Institute of Milwaukee, and an AMI/USA Board member.

Saturday, 9 October 2010, 9:00am to 4:00pm

Brisbane Montessori School
Mactier Street, Fig Tree Pocket, Brisbane QLD

Registration Fee: \$150
Includes lunch, refreshment breaks and workshop papers.

Enquiries: 02 9555 4338
events@montessori.org.au montessori.org.au

This workshop is designed for Montessori 6-12 teachers and assistants. It is however open to anyone interested in Montessori Education or Mathematics. 3-6 teachers will also gain valuable insights as to how the foundations laid in the Children's House unfold in Montessori Primary.

REGISTRATION: Online at montessori.org.au or fill in and return the form below
